

ADOPT-A-PRAM DISASTER PREPAREDNESS PROGRAM

The City of Dunedin (City) and the Windlasses Volunteer below wish to enter into this Agreement (Agreement) for the purpose of protecting the pram boats owned by the City of Dunedin which are stored in the City owned pram shed at the Dunedin Marina.

The Windlasses volunteer wants to provide volunteer service at no charge to the City of Dunedin in the event the City determines that the pram boats and their associated equipment (sails, tillers and centerboards) and other equipment used by the Windlasses group, such as boat dollies, is in imminent danger of damage due to an approaching storm.

The Windlasses volunteer below is assigned specific equipment to remove and store at the location of the volunteer deemed more safe than the pram shed, in the event that a major storm or hurricane is expected to come ashore with a high probability of damaging the pram shed. The City of Dunedin Parks and Recreation Department will be the sole decision maker to signal the Windlasses Program Coordinator that the boats should be removed, if possible. The boats and all equipment shall be returned to the pram shed within 5 days of the danger passing, assuming the pram shed is able to again store the equipment. If the pram shed is no longer available, all equipment will be returned to whatever site the City then designates as soon as reasonably possible.

The Windlasses volunteer is relieved of any financial responsibility or liability for any damage that occurs to the equipment while in their possession. The Windlasses volunteer agrees to attempt to retrieve the assigned equipment, but is not obligated to remove the assigned equipment.

Volunteer waives any claim for financial responsibility or any liability for any bodily injury or harm that may occur in the process of moving or storing the equipment.

This agreement is entered into by both parties, the City and Windlasses volunteer, for the sole purpose of temporarily safe guarding the boats and associated equipment in the event of a possible damaging storm.
